## About NCHPE 2024

The 15th National Conference on Health Profession Education (NCHPE)- 2024 is being organised by Era University in Lucknow. India has adopted the competency based medical education by introducing many positive features such as integrated learning, early clinical exposure, self-directed learning, student doctor concept, family adoption etc., as per the emerging trends of 21st century health professional education. This is just the beginning and we have a long way to go.

Both education and practice are centred on patients, and any health-related conference will be incomplete without addressing patient safety. According to World Health Organization (WHO), “Patient safety is fundamental to delivering quality essential health services. In addition, to realize the benefits of quality health care, health services must be timely, equitable, integrated and efficient.” We feel that in order to enhance patient safety, the health professions education and health care systems of the country need to be linked. Hence the conference theme is:

**“Enhancing Patient Safety: Linking HPE with Healthcare”**

NCHPE -2024 will bring together stakeholders from diverse backgrounds, including educators, practitioners, researchers, and policymakers to foster interdisciplinary dialogue, collaborations and innovations. Academic sessions have been planned to equip healthcare professionals to optimize patient safety by strengthening the educational practices within their educational institution and clinical practice.

Under the aegis of the Academy of Health Profession Educators (AHPE) and Foundation for Advancement of International Medical Education and Research (FAIMER), we cordially invite you to participate in NCHPE -2024 at the Era University, Lucknow and share your experiences, insights and best practices.

### Key Highlights:

**Cutting-edge research presentations**  
**Interactive workshops**  
**Thought-provoking panel discussions**  
**Orations, keynote addresses and guest lectures**  
**Networking opportunities**

## About Era University

Get ready for an exciting lineup of pre-conference workshops at **NCHPE 2024!** We received a record-breaking 45 proposals, making it incredibly difficult to choose the best ones. Do not worry, we have a diverse selection to cater to everyone's interests. ***We would like to limit the numbers to 30 participants per workshop, so hurry and register!!!!***

## ***Here's what awaits you***

- **Internationally Acclaimed Experts:** (PCW1 & PCW9) Learn from renowned guest faculty from abroad and gain valuable insights beyond your borders. You can choose only one workshop from this category.
- **Cross-Disciplinary Collaboration:** (PCW2-8 & PCW10-17) Dive deep into multi-institutional workshops designed by faculty from various disciplines. These workshops address diverse areas of HP Education, from practical teaching techniques to personal and professional development, and even glimpses into future educational trends!
- **Student Spotlight:** (PCWS1, 2 & 4) Undergraduate and postgraduate students, there are workshops dedicated just for you!
- **Boost Your Research Skills:** (PCWS-3) Calling all undergraduate medical students! This unique workshop, led by experienced near-peer leaders, equips you with research and publication skills – a valuable asset considering the NMC's definition of Indian Medical Graduates (IMGs) as researchers.
- **Discipline-Specific Focus:** (PCW DS-1 & DS-2) AYUSH, Physiotherapy, and Dentistry faculty members, connect with colleagues from your discipline! Discuss curriculum reform challenges and develop strategies to strengthen your programs.
- **The Best of Both Worlds:** (PCWH-1 & 2) Can't attend NCHPE in person? No worries! Our hybrid workshops allow you to participate virtually from anywhere.

## **A Chance for New Voices:**

We've taken a leap of faith by including workshops from the next generation of educators. Register for these sessions and empower them to make their mark! Your participation will make a real difference.

## **A Word to Rejected Applicants:**

We were simply helpless and had to turn down your applications with heavy hearts. We understand your disappointment if your proposal wasn't chosen. The selection process was incredibly competitive. However, we encourage you to actively participate in all the scientific events at NCHPE 2024.

*Get ready for an enriching learning experience! We wish you a happy work-shopping experience!*
