Guidelines for e-Poster Submission and Presentation at NCHPE 2024

Dear Participants,

Congratulations! Your abstract has been selected for e-poster presentation at NCHPE2024. An excellent educational project/research poster clearly communicates information about your work. The information you wish to convey should be presented in a simple and concise way, and be well-researched and readable.

We request you to submit following **on or before 10th November**:

1. Poster in attached format, which will be uploaded on conference website for reaching maximum healthcare professionals. This will fetch wider publicity of your hard work and will be evaluated by the poster-judges for prize. See below for e-poster making guideline.
2. Slide set, which you will be using for 3 minute presentation during the slot allotted to you. You may use slide sequence given below for presentation. There can be variation in slide numbers or way of presentation but following points need to be conveyed in 3 minutes. So keep it short and sweet. There will be 2 Minutes question and answer session. Your defence will also be evaluated. However, there will be no marks for your slides.
