

Implementation of Paperless E-Pads for Formative and Summative Examinations in a Health Science University.

Dr Jyoti M. Nagamoti .MD Ph.D., FME (UIC, USA), FAIMERF, PGDHPE, MNAMS.
Director, Academic Affairs, KAHER, Belagavi.
Professor of Microbiology, J.N. Medical college, Belagavi.Karnataka.

INTRODUCTION

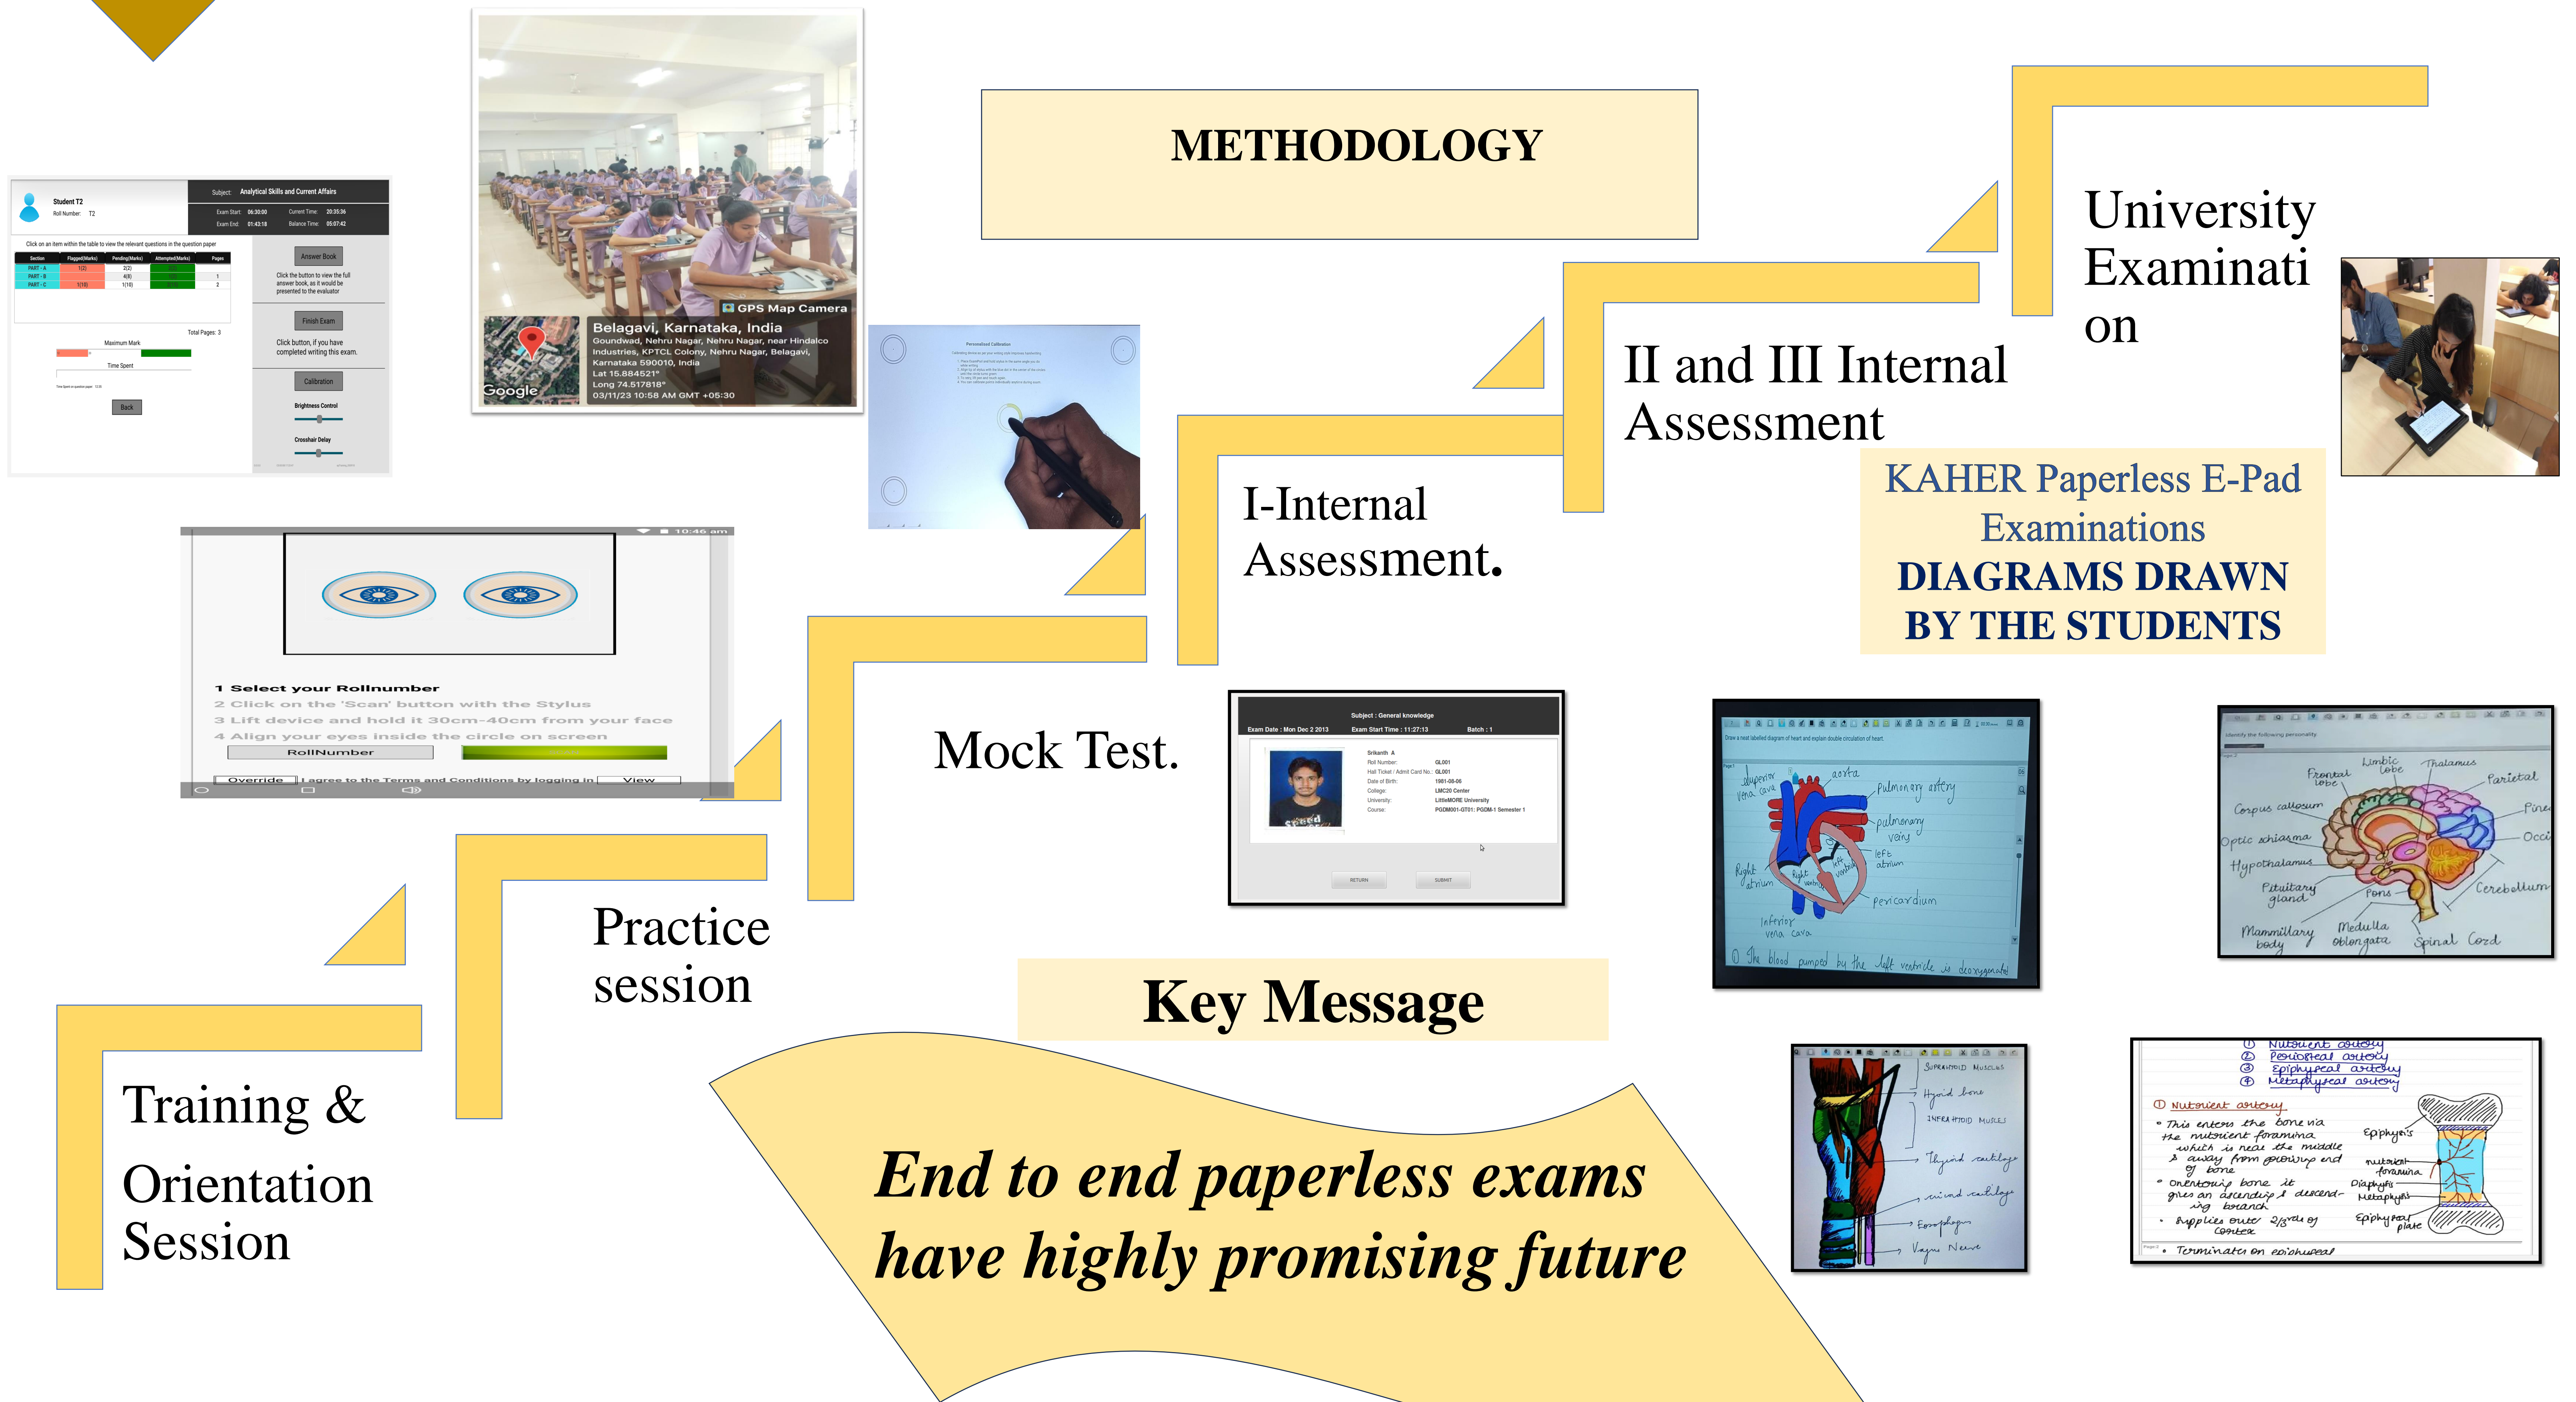

- 1 • Technology is revolutionizing every sphere of life including the examination system.
- 2 • E-pads and stylus are taking over paper and pens!
• End-end paperless
- 3 • Has several advantages; eco-friendly, more secure, transparent and user-friendly.

OBJECTIVES

To introduce Paperless E-Pads for Formative and Summative Examinations at our University for various courses .

To collect the feedback from stake holders.

METHODOLOGY

RESULTS

90% of the students felt that e-pad exams were student friendly

Auto shapes, text highlighters, eraser & cut/copy/paste options were found very useful

Dash board features; timer, display on total number of attempted/un-attempted questions, flagging of any incomplete questions

CONCLUSION

Easy, Ecofriendly, Secured Storage & Access of Data.

Transparent, Cuts down leaks and cheats! competencies .

Error free

Enhance rapid publication of results.
