About Paediatric and Neonatal nurses forum, India

Greetings from PNNFI

Dear Esteemed Colleagues

PNNFI came into existence on 20th day of February 2018 under societies registration act XXI of 1860.

This forum is a premier professional body dedicated to advancing excellence in pediatric and neonatal nursing and it brings together Paediatric and neonatal health professionals, researchers and educators from across the country, all committed to improving the care and outcomes of our youngest and most vulnerable population.

About Era University

Era University is one of the top health sciences institutions in Lucknow. The University offer a comprehensive range of under graduate, post graduate and doctoral program in various medical disciplines. Era University is also at the forefront of innovative research that addresses urgent healthcare issues and advances our understanding of health sciences. The University has a strong commitment to community service in addition to academics. We actively seek to enhance everyone's access to and experience with healthcare through collaborations, health camps, and outreach initiatives. We collaborate with top universities across the globe to share best practices and information, enhancing the educational experience.

On behalf of the organising committee, it is with great pleasure that we extend a warm invitation to you to attend the 2nd Annual National Conference of Paediatric and Neonatal Nurses Forum of India 2024, in collaboration with Era College of Nursing, Era University, Lucknow to be held 16-12-24 to 18-12-24. This conference is a crucial platform for pediatric and neonatal nurses to come together, share experiences, explore cutting-edge practices, and shape the future of neonatal and child health in India. As a valued delegate, your participation will enrich the discussions and contribute to the collective mission of advancing healthcare standards for the most vulnerable populations.

Aims of conference:

The PNNFI CON 2024 aims to bring together pediatric and neonatal nursing professionals, educators, researchers, and healthcare leaders and to facilitate knowledge exchange on recent advances in neonatal and pediatric nursing, research, and clinical practice.
